SUBJECT: Topic for Discussion at DCI Breakfast Meeting with Secretary Weinberger on 10 December 1982 CHAD Recent intelligence indicates there has been an intensification of the threat to Chad from Libyan and Libyan-backed oppositionist forces operating in the border region between Libya and Chad. the dissidents are increasing the level of their activity. Several reports estimate they number from 800 to 1,000 men and are augmented by Libyan advisers and small trucks, some possibly equipped with machine guns or light multiple rocket launchers. dissident recruits are being flown from Benin to Libya for infiltration into northern Chad.	25X /7
